

Bella Turf

The World's Finest Artificial Grass

LANDSCAPES - PETS - PLAYGROUNDS - SPORTS - COMMERCIAL - CUSTOM

Lets face it. Yard work will always be yard work, unless you decide to make Bella Turf a reality! Trading out your natural grass for Bella Turf artificial grass will not only gain hours of your free time back to enjoy life, it will accent your home, create a clean, fun, usable space for your family and friends to enjoy for years, and simply allow you to spend more time in your gardens. With endless applications, whether it is back or front yards, rooftops, indoors or even walls, Bella Turf will continuously look lush and green.

Bella Turf is Canadian owned and operated and strives to innovate industry leading products designed specifically for the Canadian markets. Our team spans Canada wide and we all share a mutual appreciation and respect for nature. Not only do our products look real, they look like they are meant to be here.

BELLA TURF, THE FUTURE OF GREEN

Bella Turf is a Canadian company that has made it simple and easy to buy and install artificial grass. Our products are versatile, durable, and extremely simple to install. Bella Turf strives to bring you the finest artificial grass that the world has to offer. With rigorous testing and inspection along with meeting or exceeding all safety standard certifications, Bella Turf has designed a product that is safe, warranted, and at the top of its class.

Made with today's most advanced yarn technologies

When it comes to the performance of our grass, the shape of the yarn is a key factor when selecting a product to best suit your needs. A flat yarn is used mainly for aesthetics or very low traffic areas. Shaped yarns provide a beautiful aesthetic with unmatched performance. Bella Turf is proud to offer a WaveBlade, U-Shape, S-Shape, DiamondBlade, TwistBlade and Stem Grass. These products keep a cooler surface temperature with less shine, withstand more foot traffic, and are proven to be significantly stronger than flat yarn grass. Each shape offers a unique look and serves a different purpose.

LANDSCAPE SYSTEMS

Our grass gives you the lawn you deserve without all of the chores. Upgrade the quality of your outdoor living and enjoy a usable green space all year long. No matter the application, we've got a grass just right for your needs. Bella Turf is ideal for areas where natural grass is difficult to grow, or where upkeep is impractical due to water restrictions or other environmental factors. Its durability makes it the sensible choice for high-traffic areas and outdoor living spaces.

DECK & PATIO

Bella Turf can be installed on your rooftop, deck or patio to enjoy the benefits of having a green space without owning a yard. Our grass works well as a general floor covering on top of wood or concrete when accompanied by our Turf Cloud foam underlay. Turn that average outdoor living space into something worth bragging about with a piece of Bella Turf to hang out on, you'll be glad you did.

Bella Turf Playground Systems are a great alternative to sand, bark or natural grass play areas. Our **Elite Play** grass offers a premium surface for the myriad of activities to be played outdoors. Our products are designed to endure the harshest environments and provide a safe play area day after day. Its many uses range from being installed beneath playground equipment to providing play space at daycare facilities. Bella Turf is adaptable for all applications and can meet the "Certified Fall Rating" for up to 11 feet when complemented by select **Turf Cloud** shock pad options.

Making the switch to Bella Turf eliminates the use of harmful pesticides, fertilizers, herbicides and fungicides. It requires no mowing, fertilizing, weeding, reseeding or watering, making Bella Turf the sensible choice for high-traffic play areas.

Our Pet Systems feature **Paw Pro**; a pet specific grass with an ultra permeable, anti-bacterial acrylic backing. When infilled with **PureZEO Pro** you'll reduce unwanted odours caused by your pets and create a surface for year round outdoor play. Our products will not fade or stain, and are completely non-absorbent. Find happiness for you and your pets with a Pet System from Bella Turf.

With Bella Turf in place of natural grass, not only will your yard be cleaner for your pets, but your pets will also be cleaner for your house. Mud and debris will no longer be tracked in from outside no matter what the weather is like. Bella Turf products are resistant to even the biggest, toughest dogs, and there will be no more bare or worn patches from pets playing. Bella Turf is uninhabitable for ticks, fleas and other insects so pets are kept safe.

A 3-foot putt and a 300-yard drive each count as one stroke. Do you practice both equally? Bella Turf Putting Greens are as close to a real "Country Club" green as you can find, and will transform your yard into a fun place for all to enjoy. Add a short "fringe" with our **SP lite** around your green. Now friends & family can practice putting and chipping in your backyard, basement or wherever you choose. Golf during the sun, rain, or even after dark. Challenge friends to a friendly competition and teach your kids golf's fundamentals.

Bella Turf can create the perfect putting green, whether it is in a townhouse complex, recreational facility or right in your own backyard. Turn your landscape into an enjoyable, usable space with Bella Turf 's state of the art putting greens.

SPORTS SYSTEMS

With the addition of Bella Turf's new **Chelsea Grass**, **Indoor Gym Turf**, and **Elite Play** surface, the options for functional play surfaces are accommodating to a wide range of sports and activities. For both indoor or outdoor, infilled and non-infilled surfaces, we've got a system to meet your needs. For the safety of those using the play surface, we offer our **Turf Cloud** shock pad in thicknesses up to 60mm, which is rated for falls from up to 11 feet.

INFILL

Bella Turf along with all artificial grass requires an infill in order to create a stable base to support the blades upright and to retain its resilience against the years of abuse. If the grass is not infilled you are shortening its life span, as the wear will be on the base of the product and its entire blade. Infill gives "life" and longevity to your artificial grass surface.

SILICA SAND 50 lb bag - 25 to 30 sq ft

Landscape Silica Sand makes for a great all purpose artificial grass infill when aesthetics are the only concern. It will weigh your grass down and keep the blades standing upright. The finer Putting Green Silica Sand is used in putting greens to control the speed of the ball roll.

Naturally GREEN Zeolite 44 lb bag - 25 to 30 sq ft

- 100% Natural Clinoptilolite Zeolite
- Cools grass through water evaporation
- Reduces odours by adsorbing ammonia from pet urine
- Will not break down or decompose in liquids
- A safe alternative to sand infills
- Ideal for all landscape artificial grass applications

envirofill 50 lb bag - 25 to 30 sq ft

Envirofill® gets its strength and high-performance from its unique, rounded quartz core grains. This quality gives Envirofill a non-compacting, non-absorbing surface unlike any other infill. Whether for sports or for play, Envirofill will provide a soft, cushion-like surface. Envirofill has proprietary, Microban® antimicrobial technology.

"PureZEO Pro is the ONLY infill option for kids and pets. It's cleaner, safer, and even keeps my yard cooler."

- Larry Stanton
Coquitlam, BC

"A must have product for pet applications."
